

Geopolitical Landscapes of Artificial Intelligence

Artificial Intelligence · Practice Test · 20 Questions

1. Which city hosts the headquarters of the 'AI Singapore' national program, a government-led initiative to build deep AI capabilities?

- A) Seoul
- B) Singapore
- C) Tokyo
- D) Taipei

2. In 2023, which country became the first to pass a comprehensive, legally binding 'AI Act' to regulate the technology across its geopolitical bloc?

- A) United States
- B) China
- C) European Union
- D) Canada

3. The 'Bletchley Declaration' of 2023, the first global agreement on AI safety, was signed at a historical estate located in which country?

- A) United Kingdom
- B) Germany
- C) France
- D) Switzerland

4. Which nation is home to the 'Supercomputing Center of the Chinese Academy of Sciences,' which houses some of the world's most powerful AI-training clusters?

- A) Japan
- B) South Korea
- C) China
- D) India

5. The 'Vector Institute for Artificial Intelligence,' a key player in deep learning research, is geographically situated in which major North American city?

- A) San Francisco
- B) Toronto
- C) Boston
- D) Seattle

6. Which country hosts the 'Mariya' supercomputer, utilized extensively for sovereign AI training within the Middle East?

- A) Saudi Arabia
- B) United Arab Emirates
- C) Qatar
- D) Kuwait

7. The 'Silicon Savannah' is a term used to describe a prominent tech hub for AI-driven agricultural startups located in which African capital?

- A) Lagos
- B) Nairobi
- C) Cairo
- D) Johannesburg

8. Which European nation launched the 'AI for Humanity' strategy in 2018, overseen by the Villani report?

- A) France
- B) Sweden
- C) Italy
- D) Netherlands

9. The 'J-MAGIC' AI research project and related national computing infrastructure are primarily concentrated in which Japanese city?

- A) Osaka
- B) Kyoto
- C) Tokyo
- D) Nagoya

10. Which country is home to the 'AIIA' (Artificial Intelligence Institute of Australia) and has a sovereign strategy focused on AI in regional industry?

- A) New Zealand
- B) Australia
- C) Singapore
- D) Canada

11. The 'Skolkovo Institute of Science and Technology,' a significant node for AI research in Eurasia, is located in which city?

- A) Saint Petersburg
- B) Moscow
- C) Almaty
- D) Tashkent

12. Which Scandinavian country is recognized for the 'AI Sweden' initiative, a national center designed to accelerate the use of AI across public and private sectors?

- A) Finland
- B) Denmark
- C) Sweden
- D) Norway

13. The 'Technion - Israel Institute of Technology,' a global powerhouse for AI research, is located in which city?

- A) Tel Aviv
- B) Haifa
- C) Jerusalem
- D) Beersheba

14. Which South American nation established the 'Cenia' (National Center for Artificial Intelligence) to lead regional research?

- A) Brazil
- B) Argentina
- C) Chile
- D) Colombia

15. The 'Indian Institute of Technology (IIT) Madras' hosts the 'Robert Bosch Centre for Data Science and AI,' located in which major Indian city?

- A) Mumbai
- B) Bangalore
- C) Chennai
- D) Delhi

16. Which country hosts the 'CERN' data center, which provides critical computing resources for AI-driven high-energy physics research?

- A) Switzerland
- B) Austria
- C) Belgium
- D) Luxembourg

17. The 'AI Korea' initiative is focused on leveraging the local semiconductor manufacturing industry in which major industrial hub?

- A) Busan
- B) Ulsan
- C) Seoul
- D) Incheon

18. Which German city hosts the 'German Research Center for Artificial Intelligence' (DFKI), the world's largest non-profit contract research institute for AI?

- A) Berlin
- B) Munich
- C) Kaiserslautern
- D) Hamburg

19. The 'Deep Learning Indaba,' the largest gathering of AI researchers in Africa, held its inaugural event in which country?

- A) South Africa
- B) Nigeria
- C) Kenya
- D) Ghana

20. Which country is home to the 'Aalto University' AI research hub, known for its focus on probabilistic machine learning in the Nordic region?

- A) Norway
- B) Finland
- C) Denmark
- D) Iceland
